All,  
The State Police protocol for emergency response is open ended. Call 911 and proceed to an emergency facility. For our purposes, I would direct you to the standing process of the State Lab. Following the guideline on the telephone blue sheet or the tabbed emergency contact sheet. Because the NE Baptist has a specific Occupational Health Department, this should be your first contact during regular hours 8-4.

**During routine work hours of 8am-4pm**
